

2005 Project Awards Program

Florida Chapter, American Planning Association

Florida APA is pleased to announce the opening of its 2005 Project Awards Program application cycle. This program provides FAPA the opportunity to recognize outstanding planning projects in the State of Florida at its annual conference. The program provides FAPA members with the chance to see and learn about development, conservation, government, or environmental projects, where planning has had a positive impact on the outcome. Judges will be looking for innovativeness and quality, and the potential for use in other areas.

Awards of Excellence and Merit

Eligible planning projects are those completed within the last two years in Florida. An awards application should include a copy of the planning document, a summary of the project, and responses to the awards judging criteria.
