Planning Officials Training

This FREE ½ day workshop is designed for elected and appointed officials who make planning and zoning recommendations and decisions as well as planning staff (4 CMs). The series covers the basic laws, principles and practices that have shaped the planning process in Florida. Planning officials will receive basic instruction about Florida’s planning and growth management system, his/her role and how to do the job more effectively. Peer exchange and discussion are also a valuable parts of this event. Topics Include: Topic #1 Planning and Growth Management in Florida; Topic #2 Roles and Responsibilities; Topic #3 Constitutional and Legal Foundations for Planning; Topic #4: The Community Building Process; and Topic #5 Decision making.

Presented by: Gene Boles, FAICP

Mr. Boles is a Senior Fellow of the Program for Resource Efficient Communities at the University of Florida and Founder of Building Livable Communities, Inc. He has over 45 years as a planner, planning director and consultant. His work currently focuses on training, coaching and consultation regarding “best practices” related to comprehensive plans and land development regulations.
