**“Promoting Physical
Activity for
Your Patients with
Overweight and
Obesity”**

Join for a presentation by and discussion with:

• **Sandra Hassink, MD, FAAP**

Sandra G. Hassink, MD, FAAP, is the director of the Nemours Obesity Initiative at Nemours/Alfred I. duPont Hospital for Children in Wilmington, DE, and associate professor of pediatrics at Thomas Jefferson University Medical School in Philadelphia, PA. Dr. Hassink served as president of the American Academy of Pediatrics in 2015.

Date: Wednesday, February 21, 2018 • Time: 12:15 PM -1:30 PM

Intended Audience: Pediatricians, Family Medicine Physicians, Residents, Nurse Practitioners, Nurses, Registered Dietitians, Psychologists, other Practice Staff

Objectives — At the conclusion of the activity, participants should be able to:

1. State two physiologic and psychological factors impacting physical activity in a child with obesity
2. State two key considerations in assessing a child with obesity for participation in physical activity
3. State two ways to help a child with obesity and their family make a physical activity plan

Time for your questions and answers!
